

ORANGE BLOSSOM SPECIAL

-www.FloridaMemory.com

Seaboard Airline inaugurated the all-Pullman *Orange Blossom Special* in 1925 to accommodate the demands of the well-to-do exclusive clientele destined for Florida. In 1933, the “Blossom” became the first air conditioned train in Florida. Train Nos. 7 and 8 included the sleepers for West Palm Beach and St. Petersburg. President Warfield decreed only the best equipment would be assigned to the *Orange Blossom Special* and it had to be all Pullman green. If there were more than 100 patrons booked, a second diner was added. This diner was always “at the ready in the terminal stations.” The Coach Yard will offer an 8-car heavy-weight *Orange Blossom Special* in HO scale, FACTORY pro-finished: lettered and painted with interiors as per

prototype, that can be pulled by a SAL 200 Class Mountain, the streamlined 865 Pacific Class or the multi-colored EMD E-4 diesels. A three-car add on set and a number of individual cars will also be available. See your friendly Coach Yard dealer and make your reservations now!
