

# 1946 LOS ANGELES LIMITED

-Frank J. Peterson

Inaugurated in 1905, the *Los Angeles Limited* was the flagship train of the Union Pacific in the Chicago-Los Angeles market. From Chicago to Omaha the train was handled by the Chicago and North Western Railway. In 1936 it was the first Union Pacific heavyweight train to receive air conditioning. At one time all-Pullman, by 1946, modernized coaches were included in its consist. The Coach Yard will offer an east and westbound version of the 8-car *Los Angeles Limited* of 1946, as well as three different add-on sets and a number of additional individual cars in HO scale, FACTORY pro-finished: lettered and painted with interiors as per prototype.
