

AUTO-TRAIN

Auto-Train operated special trains between the Washington DC, area and near Walt Disney World in Florida, from 1971 to 1981. The train consisted of some of the finest equipment ever built. Every coach was a dome from Santa Fe, UP or WP. Sleepers and diners came from ACL, SAL, L&N, N&W, and others. CN bi-level auto carriers, carried passengers' cars in enclosed safety. Each train included a steam generator car and, in later years, a caboose. A second route was added between Louisville, Kentucky and Florida. The Coach Yard is offering the *auto-train* basic Florida and Midwest consists plus a number of additional cars, FACTORY pro-finished: lettered and painted per prototype in HO scale. *See you dealer and make your reservations now!*
