

# PULLMAN RESTAURANT CARS

During the mid-1930s Pullman rebuilt 90 steel cars into Parlor-Restaurants and 51 sleepers into Section-Restaurant cars. After 1948, most of these cars were sold; however, no matter the railroad, Pullman-trained chefs and waiters continued to provide the service. Menus, china, tableware, and linens were standardized. One- or two-man crews were normally assigned to work the car's meal and beverage service. The Coach Yard will offer a number of these cars in six different versions for 19 different railroads, plus the Pullman pool, in HO scale, FACTORY pro-finished: lettered and painted with interiors as per prototype. See your friendly Coach Yard dealer and make your reservations now!
