

SEABOARD AIR LINE *SILVER METEOR*

The *Silver Meteor* was introduced in 1939 as the first diesel-powered streamliner between New York and Florida, and was the flagship train of the Seaboard Air Line Railroad. The train used seven new cars manufactured by the Budd Co. Until the late 1960s the *Silver Meteor* split at Wildwood, Florida, with one section continuing to Miami, and the other to St. Petersburg and Sarasota-Venice on Florida's west coast. The Coach Yard will offer both of these sections of the *Silver Meteor* in 7- and 6-car sets, respectively, in HO scale, as well as a number of individual cars FACTORY pro-finished: lettered and painted with interiors as per prototype. See your friendly Coach Yard dealer and make your reservations now!
